From the

Director's Desk

Guru Nanak Girls College is the realization of pious vision of Sant Pandit Nischal Singh ji Maharaj who dreamt of equipping the daughters of nation with the prowess of education. This dream dates back to 1973, when the majority of people did not let women step out of the confines of house. It was during this time that Sant ji not only envisioned a bright future for women but also took the first decisive and bold step and laid the foundation stone of this premier institution. It is with the blessings of the pious soul that the college is making progress in leaps and bounds.

Students enter into a very crucial phase of their careers after completing their senior secondary education. The decisions taken at this juncture determine the future course of their lives. Faced with dilemmas about the academic choices they have to make, they look out for courses which not only match their aptitude but are also viable for their careers. Both parents and students search for a college which offers a rich academic as well as a congenial and secure environment. Parents of daughters, specifically, have added concerns about the safety of their daughters. And I can say with pride, that over the years, many parents have reposed their faith in GNG and have taken their graduate and post graduate daughters home, lauding the academic and administrative excellence of our college. Their satisfaction is our biggest reward and motivation to perform even better.

At GNG, dedicated faculty and adept administration join hands to shape the personalities of girl students. We nurture them to become strong enough to face the challenges of the world. Focusing on integrated development, we try to equip them with requisite skills and attitude so that they always surge ahead in their lives and careers.

Holistic development of students is our central focus. We try to achieve this by providing them platforms where they can exhibit their varied talents. Various clubs of the college organize events to cater to the diversified talents and orientations of students. This holistic approach helps them in developing a unique identity, confidence and humanity.

I sincerely hope that this new session will bring good tidings for both the students and parents, as they initiate a new and invigorating journey with us at GNG.

Dr. (Mrs.) Varinder Gandhi

Director

From the

Principal's Desk

“We want education by which character is formed, strength of mind is increased, the intellect is expanded and by which one can stand on one’s own feet.” - Swami Vivekanand

These words of Swami Vivekanand ji resonate so much with the philosophy of our founding father, Sant Pandit Nischal Singh ji Maharaj. His revolutionary vision, of adorning the daughters of

nation with education, is our guiding light; his dream is our inspiration and motivation. It is this dream of educating and thereby raising the status of woman in society, which propels us to endeavour constantly and consistently towards achieving the ever expanding goal of excellence.

I firmly believe that education is a blend of academic excellence and creativity and as I embark on my journey as Principal of GNG, I would like to assure the parents and guardians of our students that your daughters will have a memorable stay in the college. GNG with its rich academics and sound administration will provide your daughters with a conducive and secure ambience wherein they will forge the successful and meaningful chapters of their lives.

We groom our students to develop into strong and reflective individuals who stay grounded while touching the pinnacles of glory. Inculcation of ethics and morality along with the strong dissemination of academic knowledge, is our prime focus so that our students stand tall on the pedestal of success.

A strong bond with students, parents and community partners is that formidable legacy of GNG which I aspire to carry forward with finesse. Success stories of our lustrous past shall be repeated with élan and glory in the forthcoming years too. With our new students onboard, we will embark on a fresh journey of academics where students will experience a motivational, value-based academic and administrative environment.
