Action Taken on Analysis of Feedback

Will to transform constructive suggestions into concrete steps is the driving force behind the procedure of feedback. The College took feedback from students and made efforts to bring about the changes, wherever required. Majority of students were of the opinion that teachers completed the syllabus on time. Assessing the efficacy of teachers on various parameters like delivery of technical content, communication skills, use of non-print teaching aids and availability beyond normal classes and co- operation to solve individual problem, students were found to be highly satisfied. Lab facilities were found satisfactory by majority of students. Further improvements are being made in the Mess, Hostel and Canteen facilities, keeping in mind the divided opinion of students on the available facilities. Suggestion box as well as mentor-mentee sessions, on regular intervals are the practices adopted by college to bring about quality culture pin both the infrastructure and services.

Library facilities have been upgraded. New books and journals have been introduced to keep students abreast with latest information. Up gradation of college building and more beautification of campus has been done to make students happy with their college. Consistent and participative efforts to bring about improvements, remain the central focus of college management and seeking feedback is one of the important components of this practice.
